Review Triggers

The review triggers that would reasonably suggest that the TMD is no longer appropriate include:

- > a significant dealing of the product to consumers outside the target market occurs
- > a significant number of complaints is received from customers in relation to their purchase or use of the product that reasonably suggests that the TMD is no longer appropriate
- > a material change to the product or the terms and conditions of the product occurs which would cause the TMD to no longer be appropriate

Qudos Bank's Product Governance Framework includes regular consideration of whether there has been a review trigger following each distribution information report.

Period Reviews

At least every 12 months from the date of this TMD.
